DISTINTA IMBALLI - PACKING LISTS

Nelle distinte imballi, confezioni e pesi, i valori indicati sono da intendersi convenzionali; eventuali variazioni sono dovute ai calibri del prodotto. **L'unità minima di vendita dei materiali standard è di mq.1,26/1,08.**

On packing lists, packages and weights, the indicated values are to be considered as conventional; possible changes are due to product calibrations. **Minimum unit quantity per order for standard material is 1,26/1,08 sqm.**

PREPARAZIONE ORDINI - ORDER PREPARATION

Per ogni ordine di valore inferiore a € 100,00 saranno addebitati € 10,00 per la gestione dello stesso.
A € 10.00 management fee will be charged for all orders with a value below € 100.00.

MONTATO SU RETE - NET MOUNTED

Pastelli - Lapis - Denim - Diva - Seta - Anthologhia - Open Space - Metallica - Mix - Libra- Eden

Tutta la produzione della linea mosaico viene fornita premontata su fogli di rete in fibra di vetro della dimensione di cm. 30x30. La fuga tra le tessere nel foglio è di mm. 1.5 medio (il formato 1,2x1,2 cm. è montato con fuga da 1,1 mm. - il formato 5x10 cm. è montato con fuga da 2 mm.)

ATTENZIONE: essendo la colla utilizzata per unire le tessere di mosaico alla rete a base vinilica, si raccomanda di tenere le confezioni in luogo asciutto per evitare eventuali distacchi delle tessere dalla rete stessa.

Pastelli - Lapis - Denim - Diva - Seta - Anthologhia - Open Space - Metallica - Mix - Libra - Eden

All production for the mosaic line is supplied mounted on 30x30 cm. fibreglass net sheets. There is an average joint of 1.5 mm. between the tesseras on the sheet (while size 1,2x1,2 cm. is supplied net mounted with a 1,1 mm. joint - size 5x10 cm. is supplied net mounted with a 2 mm. joint)

ATTENTION: Since vinyl glue is used to fasten the mosaic tesseras to the mesh, we recommend keeping the packages in a dry place to prevent the tesseras coming loose from the mesh.

ORO E PLATINO

ATTENZIONE

INDISPENSABILE proteggere la superficie di ogni decoro durante la posa: **NON USARE ABRASIVI NELLA PULIZIA. MANEGGIARE CON GRANDE CURA.**

Si consiglia di posare i colori oro e platino a rivestimento di pareti.

La ditta fornitrice non risponde di eventuali danni a questi preziosi materiali causati da "sfregamenti" durante la posa in opera. Per nessun motivo saranno accolte contestazioni su materiale posato.

ATTENTION

INDISPENSABLE Please protect the surface of each decor during the laying. **PLEASE DO NOT USE ABRASIVES WHEN CLEANING. HANDLE WITH GREAT CARE.**

Oro and Platino colours are recommended as wall tiles.

The supplier will not be held responsible for possible damages caused by friction when laying down this precious articles. Under no condition claims will be accepted after items have been laid down.

Le caratteristiche decorative del prodotto sono frutto di una lavorazione artigianale: i pallini possono risultare non perfettamente centrati e la graniglia può distribuirsi in zone diverse. Queste particolarità non costituiscono difetto, ma rappresentano l'unicità e il pregio della produzione.

The decorative features of the product are the result of artisanal craftsmanship: the dots may not be perfectly centered and the grit may spread to different areas. These characteristics are not defects but highlight the uniqueness and value of the production.

A € 10.00 fee will be charged for all orders with a value below € 100.00.

AVVERTENZE TECNICHE - TECHNICAL REMARKS

- Il carattere artigianale dei nostri materiali comporta normalmente leggere differenze di tonalità anche fra piastrelle della stessa partita. Per ragioni tecniche è impossibile garantire l'identità di tono nei supplementi d'ordine.
- I campioni da noi distribuiti indicano in maniera approssimativa le misure e i colori dei nostri prodotti.
- Sconsigliamo l'uso di acidi per la pulizia dei pavimenti e dei rivestimenti.
- Per i prodotti in grès bianco smaltato, è consigliabile durante la posa, prelevare il materiale da più scatole e tenere le fughe leggermente abbondanti per registrare meglio il materiale. Per il montaggio a fuga ricorrente tra il pavimento (grès bianco smaltato) ed il rivestimento (monoporosa), è necessario verificare la larghezza della fuga da rispettare prima della posa in opera.
- È assolutamente indispensabile proteggere i pavimenti dopo la posa in opera onde evitare abrasioni e rotture dovute al personale durante le successive operazioni di finitura.
- Gli inserti in ottone del prodotto LINES sono soggetti a processo di ossidazione. Per mantenere lucido l'inserto in ottone si consiglia una sua regolare pulizia e manutenzione con prodotti appositi.
- Le collezioni Palladiana e Lines presentano calibri diversi, risultano pertanto abbinabili esclusivamente per pose sfalsate senza continuità di fuga.
- Per garantire la modularità tra fondi e decori e l'effetto estetico intrinseco della collezione ZIP, è necessario l'utilizzo di distanziatori da 2 mm procedendo ad una doppia operazione di stuccatura.
- Con il prodotto ZIP per ottenere un risultato finale a regola d'arte delle fughe colorate, si consiglia l'utilizzo di materiali fuganti di prima qualità, attenendosi alle istruzioni di posa indicate dai produttori.

- The handicraft characteristic of our products could sometimes present slight shade differences even among of tiles of the same production lot. Due to technical and production problems, it is impossible for our company to grant the same shade for additional orders.
- The samples we normally supply with all our distributors indicate only approximately the sizes and the colours of our production range.
- We strongly advise against the use of specific acids for the cleaning of floors and walls tiles.
- For white glazed stoneware products, we recommend during the laying, to use materials from various boxes and to keep the joints slightly abundant to better lay the tiles. When you have to lay tiles in white glazed stoneware for floor with joints and porous single-fired for wall it is very important to check the dimension of the joint in the floor before the laying.
- It is absolutely necessary to protect the flooring after the laying to avoid abrasions and damages caused by the tile-layers during the finishing.
- Brass inserts that characterize the LINES collection are subject to oxidation process. In order to keep the brass insert shiny over time, we recommend you to clean it regularly with specific products.
- The collections Palladiana and Lines have different calibers, therefore they can be combined only for staggered layings without continuity of joint.
- In order to guarantee the modularity between the base and the moulded tiles as well as the intrinsic aesthetic effect of the ZIP collection, it is necessary to use 2 mm spacers, proceeding with a double grouting operation.
- With the ZIP product to obtain a perfectly final result with the colored joints, we recommend the use of top quality grouting materials, following the laying instructions indicated by the manufacturer.

LE NOSTRE CERTIFICAZIONI OUR CERTIFICATIONS

EPD

EPD (Environmental Product Declaration): dichiarazione ambientale di prodotto che si basa sull'analisi del ciclo di vita secondo l'approccio "dalla culla al tomba"

EPD (Environmental Product Declaration): an environmental product declaration based on life cycle analysis following the "cradle to grave" approach.

SASO

La certificazione SASO (Saudi Standards, Metrology and Quality Organization) è un requisito obbligatorio per esportare prodotti in Arabia Saudita. Garantisce che i beni importati rispettino gli standard di sicurezza, qualità e conformità tecnica richiesti dal Regno.

The SASO certification (Saudi Standards, Metrology and Quality Organization) is a mandatory requirement for exporting products to Saudi Arabia. It ensures that imported goods comply with the Kingdom's safety, quality, and technical conformity standards.

CAM

Requisiti tecnici e livelli qualitativi a ridotto impatto ambientale, conformi alla normativa ISO 14021 e definiti dal Ministero dell'Ambiente, indispensabili per l'affidamento di lavori degli edifici pubblici italiani.

Technical requirements and quality levels with reduced environmental impact, in compliance with ISO 14021 standards and defined by the Ministry of the Environment, essential for the awarding of public building works in Italy.

VOC

Questa classificazione consente di valutare il livello di inquinamento che un determinato prodotto è in grado di apportare all'aria di un ambiente chiuso. Nel caso specifico le piastrelle ceramiche sono prodotti di chimica minerale e non organica che subiscono cicli di cottura di 1200° che garantiscono la totale distruzione di elementi inquinati tipo i Composti Organici Volatili o COV. Ragion per cui tutte le piastrelle ceramiche sono classificate A+, in quanto non emettono nell'ambiente alcuna sostanza tossica.

This certification is an assessment of the quantity of volatile organic compounds pollutants released by products in closed spaces. Regarding ceramic tiles, their chemical composition is mineral and not organic and they undergo tile firing cycles at 1,200°C that ensure the total elimination of contaminants such as volatile organic compounds. Consequently, ceramic tiles are granted a A+ rating, since they do not release any toxic substance into the environment.

LEED

Gruppo Bardelli S.p.A. promuove la cultura dell'edilizia sostenibile, energeticamente efficiente e rispettosa dell'ambiente, contribuendo a migliorare la qualità della vita dei cittadini attraverso lo standard di certificazione LEED

Gruppo Bardelli S.p.A. promotes the culture of sustainable, energy-efficient, and environmentally respectful construction, contributing to improving the quality of life for citizens through the LEED certification standard

CCC

La Certificazione CCC, interessa sia i prodotti di importazione che quelli di produzione Cinese destinati a quel mercato. Le informazioni sulla Certificazione CCC riguardano in generale la sicurezza e la salute, con particolare riferimento, nel caso delle piastrelle di ceramica, alle sole piastrelle in Gres Porcellanato, con un assorbimento minore o uguale allo 0,5%. La Certificazione si ottiene attraverso l'intervento di istituti appositamente accreditati dalle Autorità cinesi, tutti con sede in Cina.

CCC Certification, covers both imported and Chinese-made products destined for that market. Information on CCC Certification generally concerns health and safety, with particular reference, in the case of ceramic tiles, to porcelain stoneware tiles only, with an absorption of 0.5% or less. Certification is obtained through the intervention of institutes specifically accredited by the Chinese Authorities, all based in China.

DECLARATION OF PERFORMANCE (CE)

Gruppo Bardelli S.p.A. ha provveduto ad assolvere agli obblighi derivanti dalla Marcatura CE per i suoi prodotti. La documentazione commerciale relativa è consultabile da parte dei distributori, professionisti ed utilizzatori.

CONDIZIONI GENERALI DI VENDITA GENERAL CONDITIONS OF SALE

1. L'esecuzione di tutte le commissioni conferiteci è subordinata all'approvazione di GRUPPO BARDELLI S.p.A., approvazione che si darà o con apposita conferma d'ordine o con l'emissione della corrispondente fattura. GRUPPO BARDELLI S.p.A. non riconosce intese o promesse verbali fatte dai suoi rappresentanti e non trascritte e sottoscritte sull'ordine di acquisto. Pertanto l'incasso eventuale di anticipi non rappresenterà accettazione dell'ordine da parte di GRUPPO BARDELLI S.p.A.

2. I termini di consegna non sono impegnativi e sono subordinati alle possibilità di produzione e di spedizione da parte di GRUPPO BARDELLI S.p.A. Eventuali ritardi non danno luogo a pretesa o richiesta di danno, né di annullamento o riduzione del contratto. GRUPPO BARDELLI S.p.A. s'impegna però a dare esecuzione all'ordine nel minor tempo possibile.

3. Tra i casi di forza maggiore previsti dal Codice Civile che liberano dalla responsabilità GRUPPO BARDELLI S.p.A. sono da comprendere anche quelli causati da mancanza di materie prime, di mano d'opera, di energia elettrica e di guasti al macchinario.

4. La merce viaggia a rischio e pericolo del compratore anche se venduta franco di porto. L'eventuale perimento della cosa s'intende regolato dalle disposizioni del Codice Civile.

5. I pagamenti si riterranno validi solo se eseguiti direttamente alla sede di GRUPPO BARDELLI S.p.A. o a persone munite di apposita autorizzazione scritta. I pagamenti eseguiti a ns. rappresentanti o agenti non autorizzati all'incasso non saranno ritenuti validi.

6. Qualora avvengano variazioni di prezzo prima della consegna, la merce sarà fatturata in base al prezzo di listino in vigore nel giorno della consegna.

7. Le misure e le tinte dei prodotti sono indicative e non vincolanti.

8. Eventuali reclami devono essere fatti, pena decadenza, entro otto giorni dal ricevimento della merce e in nessun caso si accettano resi di merce senza nostra preventiva autorizzazione. Nessun reclamo potrà essere proposto ad GRUPPO BARDELLI S.p.A. dopo la posa in opera del materiale.

9. GRUPPO BARDELLI S.p.A. non dà garanzia sulle modalità d'impiego e sui sistemi di posa della merce fornita, con suo espresso esonero da ogni responsabilità in proposito per eventuali danni diretti e indiretti.

10. Per qualsiasi procedimento giudiziale che derivasse dal presente contratto la competenza è espressamente derogata al Foro di Milano per accordo delle parti.
