BISAZZA GENERAL CONDITIONS OF SALE

INTRODUCTION

These general conditions:

- (a) apply to all offers, estimates, sales, supplies, deliveries, as well as all measures and operations relating to or resulting from them taken or carried out by Bisazza S.p.a. and/or all/any of its overseas branch offices and/or all/any of the companies, whether Italian or foreign, in the Bisazza group (hereinafter referred to as "Bisazza" or the "seller"), submitted and/or entered into with its distributors and/or dealers and/or in any event professional subjects purchasing Bisazza products, not as final customers, but as part of their sales or business activities (hereinafter referred to as the "buyer");
- (b) all buyers are deemed to be familiar with them and they form an integral part of the order;
- (c) they cancel and in any event take precedence over any other conflicting clause printed and/or hand-written on orders, requests for offers or in the buyer's correspondence.

1) OFFER AND ACCEPTANCE

- 11.1 No offer made by Bisazza shall be treated as binding.
- 1.2 An order which is sent by the buyer to the seller in written form (also by fax, e-mail or other electronic means) shall become binding on Bisazza solely and exclusively when the company sends the buyer its signed order confirmation.
- 1.3 The supply shall include the materials and quantities of merchandise specified in the Bisazza order confirmation, which shall constitute the only document of reference when checking prices and quantities and shall have precedence over the offer and/or customer's order.
- 1.4 No request from the buyer for either cancellation or modification will be accepted by Bisazza once a period exceeding 2 days has elapsed from the date on which the order confirmation was issued, at which time it becomes irrevocable.

2) PRICES

- 2.1 The prices applying to Bisazza products are those indicated in the order confirmation.

3) PACKAGING AND DELIVERY OF MATERIAL

- 3.1 Standard packaging is included in the sale price.
- 3.2. Mosaic is packed in boxes loaded on pallets. The price of packaging other than the standard version shall be quantified when the order is placed.
- 3.3. Bisazza packaging is not guaranteed in any way to provide the merchandise and products with waterproof protection.

4) MINIMUM QUANTITIES FOR EACH ORDER

- 4.1 Quantities ordered shall be rounded up to the nearest full box (excluding Oro mosaic tiling). A tolerance of 5% is permitted on the quantity ordered for products which are not standard but custom-produced.

5) DELIVERY CONDITIONS

- 5.1 Dates for delivery are not peremptory, unless otherwise agreed in writing.
- 5.2 Delays do not therefore entitle the parties to make demands for damages or termination of the contract, even partially.
The delivery date shall be taken to be that on which the delivery note is issued, or that on which the customer is notified that the goods are ready for delivery.
- 5.3 Should force majeure prevent the seller from performing the contract, it may, at its discretion, without seeking the intervention of judicial authorities, either suspend execution until such time that the circumstances giving rise to the force majeure have ceased, or terminate the contract either in whole or in part, without seeking the intervention of judicial authorities and without being liable for damages.
- 5.4 Force majeure is taken to cover any circumstances beyond the seller's control which permanently or temporarily prevent the execution of the contract, such as war or threat of war, uprising, partial or general mobilisation, industrial strike, lack of raw materials, interruption in supply of goods by subcontractors, unforeseen events that affect the business, transportation difficulties, import or export restrictions, frost, fire, epidemic, natural or other disaster and other unforeseen restrictions that render the manufacturing or transportation of the goods either partially or totally impossible. The provisions of this article also apply when the aforementioned circumstances relate to factories, suppliers or other traders from whom the seller purchases goods or acquires services.
- 5.5 The Bisazza company shall not be held liable any longer once the goods are handed over to the carrier (against whom the buyer must direct any complaints it may have). Shipment, either by sea or road, of supplies abroad must satisfy the conditions established as each case arises, set out in Incoterms approved by the International Chamber of Commerce in 2000 and subsequent versions thereof.

5A) FAILURE OR DELAY IN COLLECTING THE MATERIAL

Should the client fail to collect the ordered material, Bisazza reserves the right to bill the client for storage fees. Storage fees are charged at the equivalent of 10.00 euros per pallet, per calendar day starting from the thirty-first day after the date indicated on the order confirmation.

6) PAYMENT CONDITIONS

- 6.1 Bisazza supplies must be paid for in full adopting the methods described in the order confirmation and/or in the invoice.
- 6.2 The terms contained in the order confirmation and/or in the sale invoices must be treated as peremptory and exceptions thereto shall only be permitted if a prior written agreement has been reached with the seller.
- 6.3 The Bisazza company is entitled to demand, at its absolute discretion, total payment in advance when the order is made.

7) DEFAULT OR DELAYED PAYMENT

- 7.1 Once the payment date has fallen due, the buyer, if in breach of settlement, shall be considered automatically in default.
- 7.2 Delayed payment, even partial, of invoices issued by Bisazza shall therefore immediately give rise to liability for default interest at the official reference rate increased by seven points and shall entitle Bisazza to charge any out-of-court legal expenses it has incurred in order to recover the amount outstanding.
- 7.3 In the event of a delay on the part of the buyer or in the event that the seller has reason to fear that the buyer will breach its payment obligations, the seller may, without entitling the buyer to demand damages, without prejudice to any further rights or actions:
 - (a) demand payment in advance or a guarantee;
 - (b) refuse to process any other orders currently underway with the buyer;
