Close to every item, You find two numbers:
A and B

To calculate the Retail Price, You have to multiply
this number for **50**

The value A is for the Chrome Finish and the
value B for all the other finishes.

EXAMPLE:

To calculate the Price of the Elegance Soap Dispenser EL01DA in Chrome finish:
 $4.3560 \times 50 = \text{€ } 217,80$ Retail Price

Standard Discount for Reseller **50%** :
 $\text{€ } 217,80 - 50\% = \text{€ } 108,90$ Net Price
