Bathroom

Geromin è il marchio che da oltre 70 anni interpreta l'arredo bagno, la lavanderia e la cucina con soluzioni pratiche e materiali di qualità. La continua progettazione di nuove proposte e i sistemi modulari intelligenti danno vita a linee di prodotti straordinariamente versatili, che rendono gli ambienti di servizio della casa sempre più funzionali. L'eccellenza dell'offerta è il risultato della storia del Gruppo, della scelta di mantenere l'intero ciclo produttivo dove l'azienda è nata e dell'uso esclusivo di materie prime made in Italy.

Geromin has been interpreting bathroom, laundry, and kitchen furniture for over 70 years, with practical solutions and quality materials. The continuous development of new products and smart modular systems results in an amazingly versatile range, adding increased functionality to every utility room. The excellence of the offering results from the Group's history, the choice to maintain the entire production cycle where the company was founded, and the exclusive use of Italian raw materials.

Heat & Health

Con Sauna Vita®, saune e hammam non richiedono più dispendiosi locali realizzati appositamente, ma si inseriscono con facilità negli ambienti domestici e nelle strutture ricettive. I progetti studiati da Franco Bertoli fondono comfort e prestazioni d'eccellenza in modelli di saune e hammam, anche integrati e con doccia, con un originale senso dei materiali, delle proporzioni e delle soluzioni tecniche. Sauna Vita® utilizza una sapiente mescolanza di legni per assicurare la massima qualità. Al pregiato abete rosso di risonanza della foresta di Tarvisio – finora riservato alla creazione di violini e pianoforti – si affianca l'hemlock delle foreste pluviali dell'Alaska e del Canada occidentale.

With Sauna Vita®, saunas and Turkish baths can be fitted easily in homes or recreational facilities, without requiring specially created rooms. The projects designed by Franco Bertoli pair comfort and excellent performance in saunas and Turkish baths, even integrated with showers, with different shapes and installation options, with unique materials, proportions, and technical solutions. Sauna Vita® skilfully combines different types of wood to ensure the highest quality. We use red spruce wood of the Tarvisio forest – used up to now to make violins and pianos – and Hemlock of the Alaska and Western Canada rainforests.

maggiorazione del 15% sulla misura più vicina.

Esempio:

- specchio L. **127** x H. **50**
- scegliere a listino la misura **130 x 50**
- il relativo costo $157 + 15\% = 180.5 \text{ €}$

Per specchiere **oltre i 170 cm** il prezzo è da calcolarsi sulla
larghezza massima presente a listino in relazione all'altezza di
serie, sommando **1,50 €** per ogni cm in più.

Esempio:

Esempio:
specchio L. 185 x H. 70 = 215 € (SCF170)
+ 15 cm x 1,5 € = 236,75 €

N.B.: Lunghezza max. 210 cm

See pages 106 - 109 for available lights.

Extra charge of 15% on the closest measurement for **CUSTOM** mirrors with light and backlit.

Example:

1. Mirror L. **127** x H. **50**
2. Choose measurement **130** x **50** from the price list.
3. The relative cost **157** + **15%** = **180.5 €**

For mirrors **exceeding 170 cm**, the price is to be calculated on the maximum width present in the price list in relation to standard height, adding **€1.50** for each cm more.

Example:

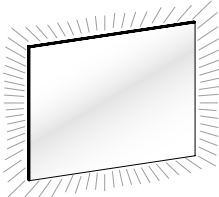

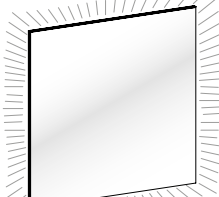

Example.
Mirror L. 185 x H. 70 = 215 € (SCF170)
