Il ricco mondo Modernariato di MuTeVole ha il fascino di moduli reversibili a profondità variabile in rovere barrique toscano con ante in essenza a vena alternata, o laccate in toni dal richiamo vintage. Elementi giuntura in metallo antracite ed evocativi piedini "in stile", montabili frontalmente o sagittalmente, completano le composizioni Modernariato.

Furnishings of the past with a contemporary twist, thanks to their modern lines that combine tradition with perfect functionality.

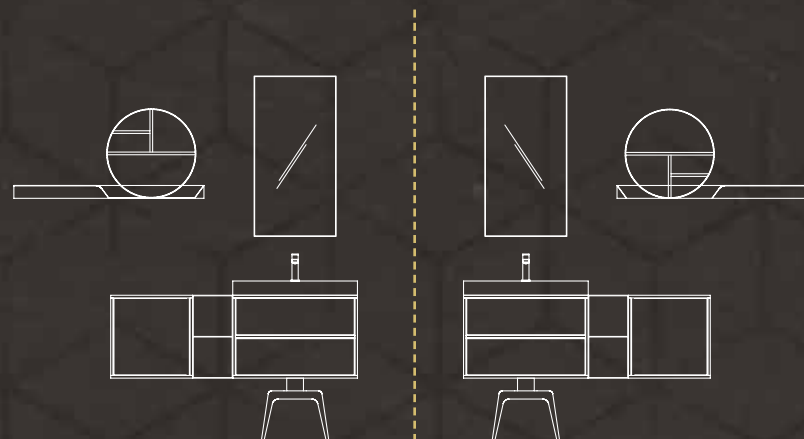

MuTeVole Modernariato compositions have all the charm of Oak barrique toscano reversible modules with varying depth and alternating grain wood or lacquered doors in vintage colours. CONTEMPORANEO

Il mondo Contemporaneo di Mutevole ha la fresca eleganza di elementi reversibili (uniti da contenitori in metallo che ne permettono il cambio di profondità) proposti in moduli in rovere contemporary con ante in essenza a vena alternata, o moduli in laccato dai toni freschi e accesi, ispirati ai trend dal mondo Living più attuale.

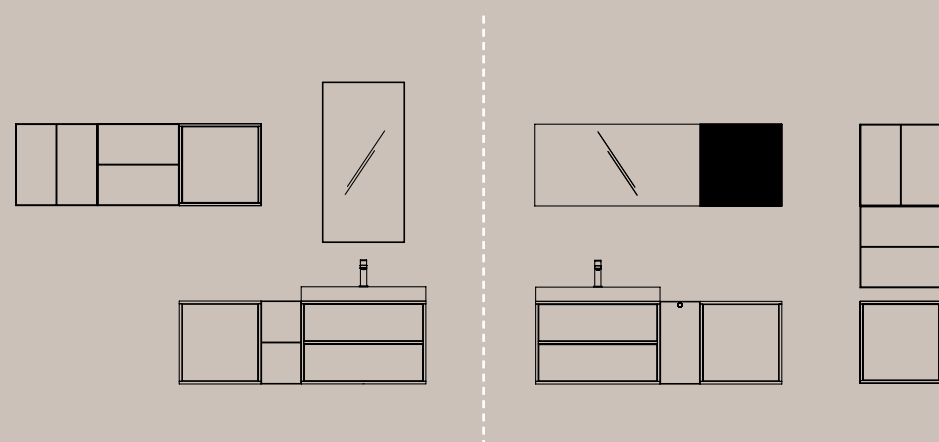

I moduli 'giuntura' sono in metallo bianco e le varie possibilità di composizione propongono abbinamenti tra mobili ed elementi pensili di ispirazione architettuale.

Colour, space, and shape: contemporary style stands out for its elegant clean-cut lines for cosy and comfortable environments. The MuTeVole Contemporaneo world stands out for the fresh elegance of its natural oak reversible modules with varying depth and alternating grain wood doors or lacquered modules in the trendiest bright colours. The white metal joints and systems are perfect for compositions with architectural wall units.
