Marmotech

Materiale completamente ricavato da una lastra di pietra scomposta in vari listelli di diverse sfumature.
L'unione di natura e tecnologia garantisce l'assoluta originalità del prodotto.
Disponibile in due finiture: Travertino e Florence Grey

Marmotech is a completely natural material derived from a stone slab whose tiles vary in shade.
The combination between nature and technology ensures an absolute uniqueness of the product.
Available in two finishes: Travertine and Florence Grey

la qualità KAROL / KAROL quality

Ecologia: la sensibilità KAROL
Ecology: KAROL sensitiveness

Karol, da sempre attenta all'ecologia, si impegna a rispettare l'ambiente utilizzando materie prime certificate e privilegiando il sistema di verniciatura ad acqua.

Karol has always been sensitive to ecology and is committed to environmental sustainability by using certified raw materials and giving special attention to water-base painting processes
