GLOSS AND MATT LACQUERING
Our lacquers are made with non-toxic polyurethane paints that are high in dry residue. They are devoid of chlorides, mutagens and teratogens: all products (save upholstered items) in gloss lacquering finish receive a brushed polished lacquer, the most valuable among finishes, featured by a final "brushing" of the product with special polishing pads so as to provide its surface with maximum smoothness.

alpha finishings

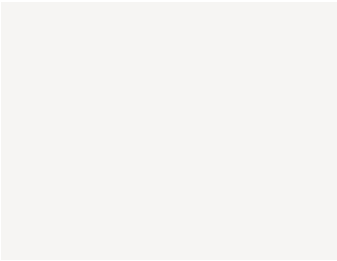

V/20 Shabby white

V/21Shabby grey

V/01 Natural Vintage

matt lacquering

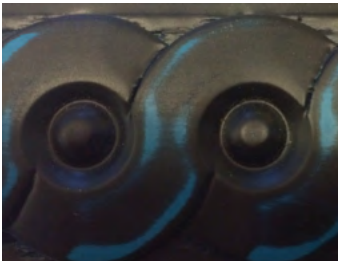

Shabby white e shabby grey finishes, realized through a peeling craftsmanship that discovers and emphasizes the pureness of the solid wood, to obtain unique products in terms of aesthetic result and shade.

A raw finish to highlight the real authenticity and naturalness of the solid wood. Just few black smoked signs, as result of the past times, to emphasize the soft carved lines.

beta finishings

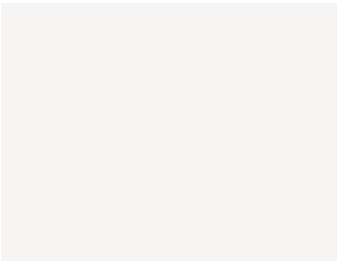

V/03 Black Vintage Lime

V/04 Black Vintage Pavone

V/05 Black Vintage Rubino

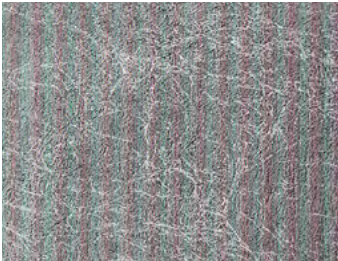

gloss lacquering

A matt black finish enriched by colours' touches as lime, peacock-blue or ruby red to offer to each article a real strong personality. Colours inside drawers or doors to enhance the product elegance, originality and refinement

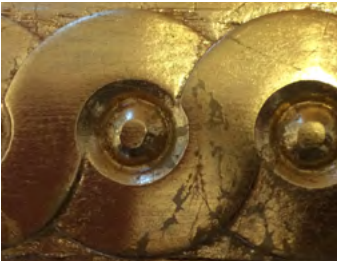

F/01 Argento anticato, superficie liscia con patinatura

F/03 Argento bucciato, superficie ruvida senza patinatura

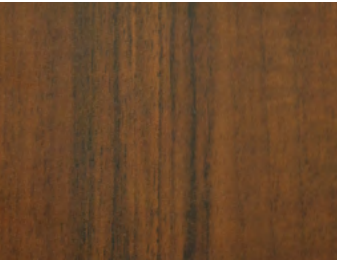

F/10 Oro anticato, superficie liscia con patinatura

F/11 Oro bucciato, superficie ruvida senza patinatura

The silver or gold finish is realized through century-old handcraft. The different stages of manufacturing and the drying times are respected: we carefully follow the appropriate method in applying the leaf and we use top- quality adhesives (sizing) and glazes (gilt). Our leaf-finished products are completely non-toxic.

gamma finishings

N/01 Noce Nazionale

A real unique wood featured by a greish-brown base colour whit darker smoky-coloured stripes.

N/02 Ash wood moka

Stained ash wood moka. Ideal to give a strong design mood to the collection.

epsilon finishing

E/02 Ebano Amara Opaco

A real precious wood, strong and heavy. One of the best and most decorative essences featured by the harmonic combination of lights and shadows born by the contrast of light and dark wooden veins.

zeta finishings

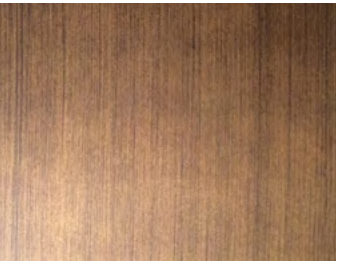

E/01 Ebano Amara Lucido

delta finishings

C/01 Champagne

Exclusive finishing chrome effect in a champagne colour.

0/01 Ottone Striato

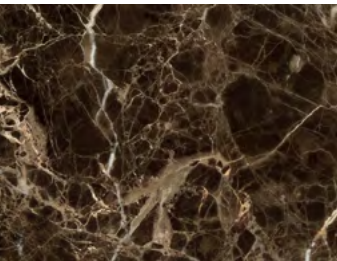

Special brushed finishing in a brass or lavagna colour, realized through a pure handmade craftsmanship.

F/59 Peltro

Pewter finish, realized through an oxidation process to obtain unique and not reproducible product

top glamour marble

M/01 Marmo Dark Emperador

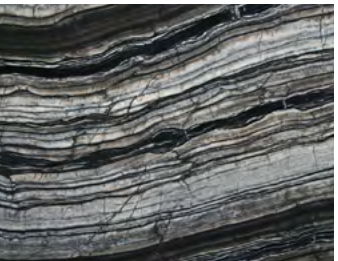

Precious spanish dark brown coloured marble with irregular light veins.

M/02 Marmo Calacatta Oro

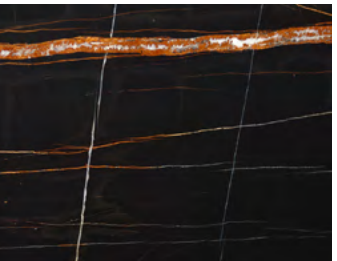

The Calacatta Gold marble is a very fine Carrara marble, composed of white crystalline limestone and yellow gold veins: these features mark it up worldwide as a first-rate material.

top luxury marble

M/03 Marmo Silver Wave

The main characteristic is done by he linear structure of black, grey and white.A modern and contemporary mood.

M/04 Marmo Sahara Noir

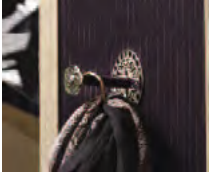

The Sahara Noir Marble is one of the most elegant marbles. The black background with gold and white veins, make it the ideal choice for luxury and elegant environments.

LAND - coffee tables

EN	Structure in carved solid beechwood. 20 mm-thick chamfered top in MDF or in Calacatta Gold marble. The Calacatta Gold marble is a very fine Carrara marble, composed of white crystalline limestone and yellow gold veins: these features mark it up worldwide as a first-rate material. Marble is a natural material and can be subject to changes in colour and look such as nuances, veins and the possible presence of fossils. These features are to be considered as peculiarities that lend uniqueness to each item
IT	Struttura in legno massello di faggio intagliato. Top bisellato spessore mm. 20 disponibile in MDF oppure in marmo Calacatta Oro. Il marmo Calacatta Oro è un marmo di Carrara molto pregiato, la cui struttura è composta da calcare bianco cristallino e da venature di colore giallo oro, particolarità che lo contraddistingue a livello internazionale come materiale di primissima qualità. Il marmo è un materiale naturale, soggetto a variazioni estetiche e cromatiche, quali tonalità, venature e presenza di eventuali fossili: tali aspetti sono da considerarsi peculiari caratteristiche che conferiscono unicità ad ogni prodotto.
ES	Estructura de madera maciza de haya tallada. Top biselado de esGross weightr mm. 20 disponible en MDF ó en marmol Calacatta Oro. El mármol Calacatta Oro es un mármol muy preciado, cuya estructura esta compuesta de piedra caliza blanca cristalina y de vetas de color oro dorado, particularidad que lo distingue a nivel internacional como material de primerísimo calidad. El mármol es un material natural, sensible a las variaciones estéticas y cromáticas, como los tonos, las vetas y la presencia de eventuales fósiles: estos aspectos deben de considerarse como características peculiares que proporcionan unicidad a cada producto.
FR	Structure en bois massif de hêtre entaillé. Top biseauté de 20 mm. d'épaisseur disponible en MDF ou en marbre Calacatta Oro. Le marbre Calacatta Oro est un type de marbre de Carrara très précieux, dont la structure est composée de calcaire blanc et des grains de cristal d'or jaune, caractéristique qui le distingue internationalement comme un matériau de première qualité. Le marbre est un matériau naturel, soumis à des variations dans le style et la couleur, comme la teinte, les veines et la présence de fossiles: ces aspects sont considérés comme des caractéristiques particulières qui ajoutent un caractère unique à chaque produit.
DE	Struktur aus Buchenkernholzschnitzerei. Abgeschräbte Fläche, Dicke mm.20, aus Multischicht oder goldenem Calacattamarmor. Das goldene Calacattamarmor ist ein wertvolles Carrara-Marmor, dessen Struktur aus reinem, weissem Kalkstein und goldgelbigen Äderungen gemacht ist. Diese Besonderheit macht es in der ganzen Welt als hochwertiges Material berühmt. Marmor ist ein naturelles Stoff, das ästhetisch- und Farbveränderungen – Farbtöne, Äderungen, mögliche Anwesenheit von Fossilien – erfahren kann. Solche Aspekte müssen als spezielle Kennzeichnungen angesehen sein, die jedem Produkt seine eigene Einmaligkeit verziehen.
RU	Структура из резного массива бука. Столешница с факетом толщиной 20 мм из МДФ или из мрамора Calacatta Oro. Мрамор Calacatta Oro - очень ценная порода каррарского мрамора, структура которого состоит из белого известняка и кристаллических зернышек цвета желтого золота. Эта особенность отличает его на международном уровне и делает его материалом высокого качества. Мрамор – это натуральный материал, имеющий эстетические и цветовые вариации: тональность, наличие прожилок и окаменелостей. Эти аспекты рассматриваются, как характерные особенности, подчеркивающие уникальность каждого изделия.

CONSOLES, CHEST OF DRAWERS AND SIDEBOARDS

BARK - consolle
EN Structure in carved solid beechwood. 20 mm-thick chamfered top in MDF or in Calacatta Gold marble. The Calacatta Gold marble is a very fine Carrara marble, composed of white crystalline limestone and yellow gold veins: these features mark it up worldwide as a first-rate material. Marble is a natural material and can be subject to changes in colour and look such as nuances, veins and the possible presence of fossils. These features are to be considered as peculiarities that lend uniqueness to each item.
IT Struttura in legno massello di faggio intagliato. Top bisellato spessore mm. 20 disponibile in MDF oppure in marmo Calacatta Oro. Il marmo Calacatta Oro è un marmo di Carrara molto pregiato, la cui struttura è composta da calcare bianco cristallino e da venature di colore giallo oro, particolarità che lo contraddistingue a livello internazionale come materiale di primissima qualità. Il marmo è un materiale naturale, soggetto a variazioni estetiche e cromatiche, quali tonalità, venature e presenza di eventuali fossili: tali aspetti sono da considerarsi peculiari caratteristiche che conferiscono unicità ad ogni prodotto.
ES Estructura en madera maciza de haya tallada. Top biselado espesor mm. 20 disponible en MDF ó en marmol Calacatta Oro. El mármol Calacatta Oro es un mármol de Carrara muy preciado, cuya estructura esta compuesta de piedra caliza blanca cristalina y de vetas de color oro amarillo, particularidad que lo distingue a nivel internacional como material de primerísimo calidad. El mármol es un material natural, sensible a las variaciones estéticas y cromáticas, como los tonos, las vetas y la presencia de eventuales fósiles: estos aspectos deben de considerarse como características peculiares que proporcionan unicidad a cada producto.
FR Structure en bois massif de hêtre entaillé. Top biseauté de 20 mm. d’épaisseur disponible en MDF ou en marbre Calacatta Oro. Le marbre Calacatta Oro estun type de marbre de Carrara très précieux, dont la structure est composée de calcaire blanc et des grains de cristal d’or jaune, caractéristique qui le distinguei nternationalement comme un matériau de première qualité. Le marbre est un matériau naturel, soumis à des variations dans le style et la couleur, comme lateinte, les veines et la présence de fossiles: ces aspects sont considérés comme des caractéristiques particulières qui ajoutent un caractère unique à chaque produit.

Marmor ist ein natürliches Stoff, das ästhetisch- und Farbveränderungen – Farbtöne, Äderungen, mögliche Anwesenheit von Fossilien – erfahren kann. Solche Aspekte müssen als spezielle Kennzeichnungen angesehen sein, die jedem Produkt seine eigene Einmaligkeit verziehen.
RU Структура из резного массива бука. Столешница с факетом 20 мм из МДФ или из мрамора Calacatta Oro. Мрамор Calacatta Oro - очень ценная порода каррарского мрамора, структура которого состоит из белого известняка и кристаллических зернышек цвета желтого золота. Эта особенность отличает его на международном уровне и делает его материалом высокого качества. Мрамор – это натуральный материал, имеющий эстетические и цветовые вариации: тональность, наличие прожилок и окаменелостей. Эти аспекты рассматриваются, как характерные особенности, подчеркивающие уникальность каждого изделия.

CONCEPT1/2/3- LOU - SET chest of drawers

EN Structure in solid magnolia wood (from: Central America) and multilayer bent poplar wood or in ebony essence walnut or black ash. The presence of chinks, torsions or chromatic variances is the authentic evidence of the real “living”wood. Also available in tailor-made version (covered with the selected fabrics of the Modà collection and slightly stuffed - see the reference price list). In the wood and tailor-made versions, the internal part of the drawers is available just in lacquered finishing.

IT

Struttura in legno massello di magnolia (provenienza: America Centrale) e multistrato curvato di pioppo oppure in essenza ebano, noce o frassino tinto nero. La presenza di fessure e torsioni, nonché di variazioni cromatiche, è da considerarsi prova di autenticità del legno, materiale vivo per eccellenza. Disponibile anche in versione tailor made (rivestimento nei tessuti selezionati della collezione Modà con una leggera imbottitura - vedi avanti listino). Nelle versioni in legno e tailor-made, l'interno è disponibile soltanto in finitura laccata.

ES Estructura en madera maciza de magnolia (procedencia: América Central) y multilaminar curvado de chopo o de esencia de ébano Makassar (procedencia: Indonesia). El ébano de Makassar es una esencia rara y muy valiosa, que se caracteriza por un armonioso juego de luces y sombras creadas por la luz típica y rayas oscuras. La presencia de grietas y de torsión, así como las variaciones cromáticas, no deben de considerarse como defectos sino como auténticas pruebas de una madera viva. Disponible también tailor made (revestimiento realizado con tejidos seleccionados de la colección Modà con un ligero acolchado - consultar las primeras páginas de la lista de precios). En las versiones en ébano Makassar y Tailor-made, el interior esta disponible solamente en acabado lacado.

FR Structure en bois massif de magnolia (provenance: Amérique Centrale) et multicouche courbée de peuplier ou en bois d'ébène Makassar (provenance: Indonesia). Le bois d'ébène Makassar est une essence très rare et de grande qualité, caractérisée par un une combinaison harmonique de lumières et d'ombres produites par de typiques veines claires et brunes. La présence de fissures et de torsion, ainsi que les changements de couleur, doit être considérée comme une preuve de l'authenticité du bois, matériau vivant de l'excellence. Disponible aussi tailor made (avec du tissus sélectionnés de la collection Modà rembiurré - voir les premières pages de la tarif ci-dessous). Dans les versions en bois d'ébène Makassar et Tailor-made l'intérieur est disponible seulement en finition laqué.

DE Struktur aus Magnoliekernholz (Herkunft: Zentralamerika) und gekrümmtem Pappelmultischicht oder aus Ebenholz (Herkunft: Indonesia). Das Makassar- Ebenholz ist ein seltenes, sehr wertvolles Holz, das wegen der typischen lichten und dunklen Maserungen von einem harmonischen Licht-und Schattenspiel charakterisiert ist. Die Anwesenheit von Rissen und Drehungen oder von Farbveränderungen muss als Beweis der Authentizität des Holzes – ein eigen lebendes Stoff – gesehen. Auch tailor made (leicht gepolstert und mit ausgewählten Stoffen der Kollektion Modà bezogen - bitte Preisliste nachsehen) verfügbar. In den Makassar-Ebenholz und tailor-made Versionen nur mit lackierter Feinnbearbeitung verfügbar.

RU Структура из массива магнолии (происхождение из Центральной Америки) и гнутого мультистрата тополя или в шпоне эбенового дерева Makassar (происхождение из Индонезии). Эбеновое дерево Makassar очень редкое и ценное, характеризуется гармоничной игрой светотени, создаваемой характерными темными и светлыми прожилками. Наличие трещин и закручиваний, а также изменений в цвете, следует считать доказательством подлинности дерева. Возможна отделка тканями коллекции Modà. При внешней отделке шпоном эбенового дерева Makassar внутренняя отделка может быть только крашеной.

Legs in turned solid moka ash. 12 mm-thick extra-light tempered glass top or 15 chamfer. Plates are applied directly onto the top.
--

MILAN – tables with wooden top

Legs in turned solid magnolia wood (from: Central America). 50 mm-thick ultralight wooden top.
Gambe in legno massello di magnolia tornito (provenienza: America Centrale). Top in legno superleggero spessore mm. 50.
Patas de madera maciza de magnolia torneada (procedencia: América central). Tablero de madera superligera 50 mm.
Pieds en bois massif de magnolia façonnés au tour (provenance: Amérique Centrale). Top en panneau écologique superléger mm. 50.
Beine aus gedrehtem Magnoliekernholz (Herkunft: Zentralamerika). Fläche aus Ultraleichtholz, Dicke mm. 50.
Ножки из точеного массива магнолии (происхождение из Центральной Америки). Столешница из суперлегкого дерева толщиной 50 мм.

ATHENE – table with glass top

Base in MDF with a metallic protection along the perimeter and leg in solid magnolia wood (from: Central America). 12 mm-thick extra-light tempered glass top.
Base in MDF con protezione metallica lungo il perimetro e gamba in legno massello di magnolia (provenienza: America Centrale). Top in vetro temperato extralight spessore mm. 12.
Base de MDF con protección metálica a lo largo del perímetro y pata de madera maciza de magnolia (procedencia: América central). Tablero de vidrio extraclaroytemplado espesormm.12.
Base en MDF avec protection métallique le long du périmètre et pied en bois massif de magnolia (provenance: Amérique Centrale). Top en verre temperé extralight épaisseur mm. 12.
Unterbasis aus MDF mit Metallbeschützung auf dem Tischumfang und Bein aus Magnoliekernholz (Herkunft: Zentralamerika). Gehärtete ultraleichte Glasfläche, Dicke mm. 12.
Основание из МДФ с металлической защитой вдоль периметра, ножка из точеного массива магнолии (происхождение из Центральной Америки). Столешница из экстралегкого закаленного стекла толщиной 12 мм.

HELOISE – table

MDF base and solid magnolia wood (from Central America). Marble top.
Base in MDF e gamba in legno massello di magnolia (provenienza : America Centrale). Top in marmo Dark Emperador.

IRON – table

Lacquered iron base. 40mm top.
Base in ghisa laccata a polvere. Top in laminato sp.40mm.

AGATHA – table

Top in frassino tinto nero, spessore 10 cm Anello strutturale e maniglie in metallo in galvanica effetto ottono striato sp. 20 mm Top moka ash, sp 10cm. Metal structure and handles: ottone striato finishing, sp. 20mm

ODETTE – sedia

Struttura in legno massello di frassino tinto moka.Schienale in multistrato di frassino tinto moka, internamente rivestito.Cuscini seduta in poliuretano espanso. Structure in solid black ash wood Back panel in black ash, dressed inside. Seat cushion in differential-density expanded polyurethane
--

MORAN SK – chair

Feet and back in national walnut or ebony amara. Not removable cover in fabric or leather. Front back quilted with walnut or ebony bottoms.
Piedini e schienale in walnut naturale o ebano amara. Rivestimento in pelle o tessuto non sfoderabile. Trapuntatura con bottoni in walnut naturale o ebano amara

MORAN – chair

Solid beechwood feet. Not removable cover in fabric or leather.
Piedino in legno massello di faggio. Rivestimento in tessuto o pelle non sfoderabile.

AIR + WET + KADREGA – sedie

Structure in carved solid beechwood. Removable seat in non-deformable foam. Fabrics from the Modà collection.
Struttura in legno massello di faggio lavorato. Sedile removibile in espanso indeformabile. Realizzazione con tessuti della collezione Modà.
Estructura de madera maciza elaborada. Asiento amovible en espuma de poliuretano indeformable. Realización con tejidos de la colección Modà.
Structure en bois massif de hêtre façonnée. Siège extractible en mousse indéformable. Revêtements réalisés avec les tissus de la collection Modà.
Struktur aus Buchenkernholzschnitzerei. Beiseitigbarer Sitz aus unverformbarem Schaumstoff. Bezug mit Geweben der Modà-Kollektion.
Структура из резного массива бука. Съёмное сиденье из недеформируемого вспененного полиуретана. Отделка тканями коллекции Modà.

SVE + PISOLO – chair and rocking chair

Structure in carved solid beechwood.
Struttura in legno massello di faggio lavorato.
Estructura de madera maciza elaborada.
Structure en bois massif de hêtre façonnée.
Struktur aus Buchenkernholzschnitzerei.
Структура из резного массива бука.

QUEEN - chair

Steel internal structure covered in leather.
Struttura in laminato di acciaio e rivestimento in cuoio.

REMIX/B + REMIX/S + DRINK + EGO COMFORT + DOLCEVITA – chairs and stools

Structureincarvedsolidbeechwood. LETTI E COMPLEMENTI

COLPO DI FULMINE – bed

Bed head structure in carved solid beech wood. Back panel in agglomerate wood upholstered with personalized Modà fabric.To be fastened on the wall. Upholstered bed perimeter structure in iron and agglomerate wood. Hinged orthopaedic bed with staves in mm. 12-thick lamellar wood. The rigidness of the staves can be adjusted; the bed base can be uplifted and pulled forward to more easily make the bed and to allow the use of the compartment under the slatted base. Fabrics from the Modà collection, natural white or black leather, or fabrics/leather supplied by the customer. Feet in satin metal.
Struttura testata inlegno massello di faggio intagliato. Pannello retro in agglomerato rivestito in tela personalizzata Modà. Fissaggio a muro. Struttura giroletto in ferro ed agglomerato rivestita. Rete ortopedica a ribalta con doghe in lamellare mm. 12 con possibilità di regolazione della rigidità; il piano rete può essere sollevato e spostato in avanti, agevolando la risistemazione del letto e rendendo disponibile il vano posto sotto alla rete. Realizzazione con tessuti della collezione Modà, in pelle naturale bianca o nera oppure con tessuti/pelli forniti dal cliente. Piedini in metallo satinato.

FEELING - bed

Headboard in agglomerate wood upholstered with foam slabs and acrylic fibre, with rectangular-shaped quilting complete with small buttons covered in the same fabric. Back panel in agglomerate wood upholstered with personalized Modà fabric. Bayonet connection to the bed perimeter. Upholstered bed perimeter structure in iron and agglomerate wood. Hinged orthopaedic bed with staves in mm. 12-thick lamellar wood. The rigidness of the staves can be adjusted; the bed base can be uplifted and pulled forward to make the bed easier and to allow the use of the compartment under the slatted base. Fabrics from the Modà collection, natural white or black leather or fabrics/leather supplied by the customer. Feet in satin metal.
Testata in agglomerato imbottita con lastre di poliuretano espanso e fibra acrilica. Lavorazione trapuntata ad elementi rettangolari con bottoncini rivestiti nel medesimo tessuto. Pannello retro in agglomerato rivestito in tela personalizzata Modà. Fissaggio a baionetta al giroletto. Giroletto in ferro ed agglomerato rivestito. Rete ortopedica a ribalta con doghe in lamellare mm. 12 con possibilità di regolazione della rigidità; il piano rete può essere sollevato e spostato in avanti, agevolando la risistemazione del letto e rendendo disponibile il vano posto sotto alla rete. Realizzazione con tessuti della collezione Modà, in pelle naturale bianca o nera oppure con tessuti/pelli forniti dal cliente. Piedini in metallo satinato.
