La presente scheda ottempera alle disposizioni della legge 10.04.1991 n°126 "Norme per l'informazione del consumatore" e al Decreto 08.02.1997 n°101 "Regolamento d'attuazione".

Structure des éléments bas, colonnes et éléments hauts - Réalisée avec des panneaux anoblis de particules Idropan V100 CARB2. La finition dans la couleur choisie est réalisée avec des peintures écologiques.

Façades - Il existe plusieurs modèles différant par leurs caractéristiques esthétique et leurs typologies de matières premières. Voir la fiche technique du produit au début de chaque collection.

Portes - Elles sont montées au meuble avec des charnières réglables dans les trois dimensions.

Tiroirs et éléments bas - Ils sont équipés de guides et de rebords métalliques réglables dans les trois dimensions.

Socles et pieds - Le socle est réalisé en PVC ou en panneau anobli Idropan. Le socle, complet de pieds réglables, est amovible pour faciliter les opérations de nettoyage. Les pieds visibles sont en aluminium ou en PVC laqué.

Étagères et plans de toilette - Sont en MDF laqué dans les différents coloris des portes ou en MDF revêtu en bois.

Plans en marbre - Les plans en marbre ou aggloméré ont 2 ou 3 cm d'épaisseur. Les plans sous-vasque sont prédisposés pour une robinetterie monotrou Ø 35.

Plans en MDF - Épaisseur 2 cm, laqués (y exclu les plans sous-vasque).

Plans en cristal - Épaisseur 15 mm.

Plans en Corian - Épaisseur 12 mm.

Éléments bas sous-vasque - La niche a le panneau de fond vide pour les branchements aux tuyaux hydrauliques.

Miroirs et éclairage - Les miroirs sont en verre à chant droit d'épaisseur 4 ou 5 mm.

Le matériel électrique utilisé, les spots halogènes, la prise de courant et l'interrupteur sont conformes aux normes CE.

Cette conformité est attestée par le marquage appliqué sur le matériel.

Pour le remplacement des ampoules et pour toute intervention sur les parties électriques, couper le courant du secteur

Éléments hauts - Chaque élément haut de rangement est équipé de supports réglables dans les trois dimensions. Les éléments hauts peuvent avoir les portes en verre ou en panneaux à miroir et les étagères en verre ou en MDF.

Tablettes intérieures - Les éléments bas, les colonnes et les éléments hauts ont les tablettes intérieures en verre d'épaisseur 5mm à chant droit.

Structure of base cabinets, columns and hanging elements - Made of melamine coated panels Idropan, type V100 CARB2. The finish in the chosen colour is produced using ecological paints.

Fronts - It's possible to choose between different models. Please refer to the product information sheet at the beginning of each collection.

Doors - The doors of the base cabinets and terminal elements are mounted on three directions adjustable hinges.

Drawers and open elements - They are provided with metal slide runners and drawer sides adjustable on three directions.

Plinth and feet - The plinth is made of PVC or melamine coated panel Idropan. It is removable for easy cleaning and comes with height adjustable feet made of aluminium or lacquered PVC.

Shelves and tops - Made of lacquered MDF, available in all colours of the doors and in wood covered MDF.

Marble tops - The marble and marble resin tops are 2 or 3 cm thick.

The top for the under-counter wash basin is predrelled at 35mm to take a one hole tap.

Tops in MDF - Thickness 2 cm lacquered (except wash-basin cabinet tops).

Crystal tops - Thickness 15 mm.

Corian tops - Thickness 12 mm.

Base Cabinets - The compartment has an empty back for connections to the hydraulic pipes.

Mirrors & lighting - Made of 4 mm or 5 mm square edge glass.

The electrical materials, halogen spots, socket and switch conform to CE specifications. All elements are clearly marked.

Before replacing lamps or other electric elements switch off the electrical connection.

Hanging elements - All interior elements are hung with three directions adjustable devices. The doors are available in glass or mirrored panels, shelves are available in crystal or MDF.

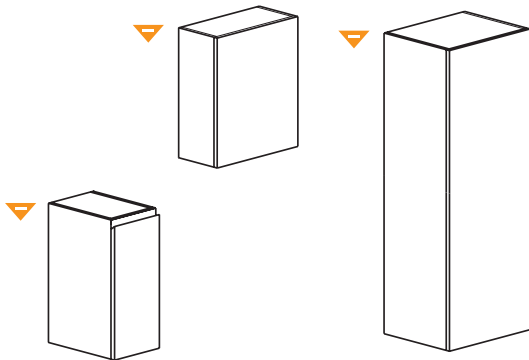

Internal Shelves - Internal Shelves are made from 5mm square edge glass, base cabinets, columns and hanging elements are provided.

Remarque :

Les modifications ne sont pas possibles sur les éléments terminaux, ronds, les éléments spéciaux, les miroirs façonnés etc.

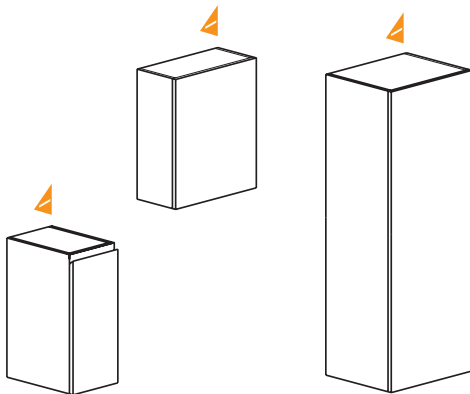

Remark:

Curved terminal or special elements, shaped mirrors etc. are delivered only in their standard size.

Hauteur

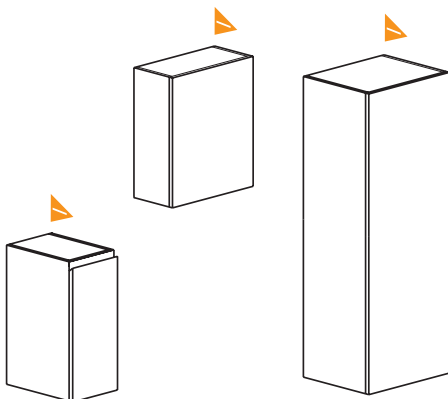

Pour dimensions **sur mesure en hauteur** plus petites que celles de série des éléments bas, hauts ou des colonnes, majoration de 20%.

Height: For height smaller than the standard one for **base and hanging cabinets or columns**: extra charge 20%.

Largeur

Pour dimensions sur mesure en largeur plus petites que celles de série des **éléments bas, hauts ou des colonnes**, majoration de 30%.

Width: For width smaller than the standard one for **base and hanging cabinets or columns**: extra charge 30%.

Profondeur

Pour dimensions sur mesure en profondeur plus petites que celles de série des **éléments bas, hauts ou des colonnes**, majoration de 20% (y exclu les éléments à tiroirs).

Depth: For depth smaller than the standard one for **base and hanging cabinets or columns** (cabinets with drawers excluded): extra charge 20%.

Couleurs à échantillon :

Majoration pour couleurs à échantillon RAL ou NCS 30%.

Sample colours:

Extra charge for RAL or NCS sample colours: 30%.

Couleurs hors production : sur demande.

Discontinued colors: on request.

Siphon décentré - Art. FL20

Pour **trou de siphon décentré** supplément de 76,00 euros.

For **decentralized siphon hole** an additional charge of 76.00 euros.

Perçage Fitting sur colonnes : + 10%.

Fitting on columns: + 10%.

Avec **finitions différentes pour la structure et les portes**,

prendre le prix de la catégorie supérieure.

With **different finishes between structure and doors**, see the price of the higher category.

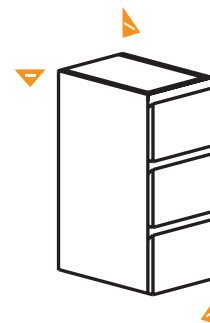

Supplément pour porte miroir + 10%.

Extra charge **for mirror door** + 10%.

Largeur

Pour dimensions sur mesure en largeur, plus petites que celles de série de **meubles tiroirs**, majoration de 35%.

Width: For width smaller than the standard one for **cabinets with drawers**: extra charge 35%.

Sur mesure : Pour dimensions plus petites que celles de série en **largeur, hauteur et profondeur**, majoration de 40%.

On measure: For **width, height and depth** smaller than the standard ones: extra charge 40%.
