HISTORY

Olympia started producing sanitary wares in 1979, company has proved immediately to suit the trends of the moment.

One particularity of Olympia is a very strong experience in the process of manufacturing wc's to the contrary of many other Italian manufactures who are historically linked to the furniture industry and therefore concentrating on washbasins.

Our company has been producing wc's since the very beginning giving them the necessary expertise to insure a constant high level of quality. Nowadays Olympia chooses to make the difference in terms of environment and it has always been aware of the need to preserve water consumption. In order to "protect" this precious element the company has created "**Water is life project**", becoming a fore runner in this field because being a leader means above all protecting people's welfare.

Thanks to the professionalism of our staff today Olympia covers a respectful position in the global view, indeed 70% of production is exported and our "made in Italy" is present in 40 different countries. Olympia team always pays attention to the design and the fads to give our production a high and particular style.

Quality:

Olympia warranty the quality of its products, Olympia uses only first choice raw materials and its products are fired with a temperature of 1260°, the combination of these factors gives the possibility to have products with a long life cycle.

All Olympia products are entirely made in Italy, Olympia Ceramica does not sell products produced in other countries.

Warranty:

Olympia Ceramica Srl carries, for its ceramic products, 10 years warranty against manufacturing defects from the date of purchase, while its no ceramic products are warranty for 2 years

Innovation:

Launching, at least, some new products each year, Olympia products utilize truly original shapes and design concepts.

Technics:

All Olympia products are interlay “hand made in Italy”, our clients don’t have to chose between “Form & Function”; in Olympia we offer to our clients products with timeless design and functionality.

Global Approach:

All Olympia products are designed and produced for a “Global Approach”. Today Olympia exports more than 75% of its annual production and during the last years Olympia has opened various unique-brand show rooms in a different cities in the world; today Olympia products are exported in more than 40 different countries in the world.

Service:

In Olympia we trust that, today, the service is always more important. All Olympia staff is always at your disposal in order to offer to our clients the best service that we can.

SMALTO OLYPOLISH

di Olympia Ceramica

Olympia Ceramica presenta la sua soluzione al problema delle acque calcaree presenti in molti paesi del nostro continente: il nuovo smalto OLYPOLISH. OLYPOLISH è uno smalto unico nel suo genere: ultra lucido, ultra resistente ed inattaccabile ai batteri, garantisce superfici più lisce rispetto alle tradizionali e non deteriorate, quindi lucenti e levigate più a lungo. Tutto ciò consente di rendere il prodotto anche eco-sostenibile riducendo la necessità di utilizzare prodotti chimici per la pulizia dei bagni.

OLYPOLISH è ottenuto tramite una cottura che arriva a ben 1250° e presenta i seguenti vantaggi:

- Massima Igiene
- Limitazione nell'uso di detersivi
- Meno inquinamento ambientale
- Facilità nella pulizia
- Durata delle superfici ceramiche
- Anti deterioramento
- Anti ingiallimento
- Garanzia a vita delle superficie ceramiche
- Resistenza contro i prodotti chimici
- Maggiore resistenza ai batteri

OLYPOLISH

VANISH

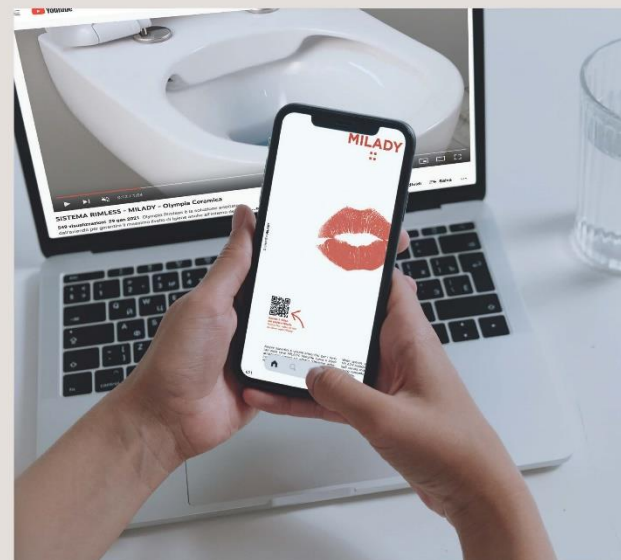

by Olympia Ceramica

Olympia Ceramica introduces the new solution for the hard water problem, that occurs in different countries all around the world.

Olypolish is a unique glaze: ultra-shiny, ultra-resistant and bacteria-proof. It creates perfectly smooth and flat surfaces and features total bacteria-proof barrier. All these elements make the product eco-sustainable, reducing the use of chemical products for cleaning.

Olypolish blends at 1250° and presents the following benefits:

- Maximum hygiene
- Less use of detergents
- Less pollution for the environment
- Easy cleaning
- Perfectly smooth
- Doesn't deteriorate
- Limestone proof
- Life-time treatment guaranteed forever
- Increased resistance to aggressive chemicals
- Bacteria proof

Eco Rimless

rimless

Olympia Rimless è la soluzione adottata dall'azienda per garantire il massimo livello di igiene anche all'interno del wc. Con l'eliminazione del bordo interno (nati, detto brida, non risultano più esserci angoli difficili da raggiungere, garantendo così una pulizia totale e con un gesto minimo e veloce. Il sistema inoltre aumenta le performance del sanitario, migliorandone notevolmente anche l'estetica.

Olympia Rimless is the new adopted solution by the Italian Brand to grant the maximum level of hygiene inside the wc. In fact removing the internal edge, called rim, it will no longer exist difficult corners to reach, granting a total cleaning by a quick and easy gesture. Moreover, the system increases the pan's performances, considerably improving its appearance too.

Francesco Lucchese

Design studio works all over the world with different levels of projects depending on the client request, with a great capacity to adapt to different cultural contexts. The studio works in many different fields and offers a wide range of product design projects thanks to the collaboration with many Italian and foreign leader companies; product design is addressed from a 360° perspective taking care of all aspects. The design itself is completed with the marketing strategy, the brand identity and the presentation at trade fairs and in showrooms. This is why Lucchese design coordinates projects of company placement and brand image, focusing attention on graphic design and organizing exhibitions and events. Architecture projects take place across Italy and abroad and are focused on hotels, showrooms and public space. There are plenty of projects aimed to exclusive private residence. Contemporaneously Francesco Lucchese is a professor at the university Politecnico di Milano ”

designer

Marcello Ziliani

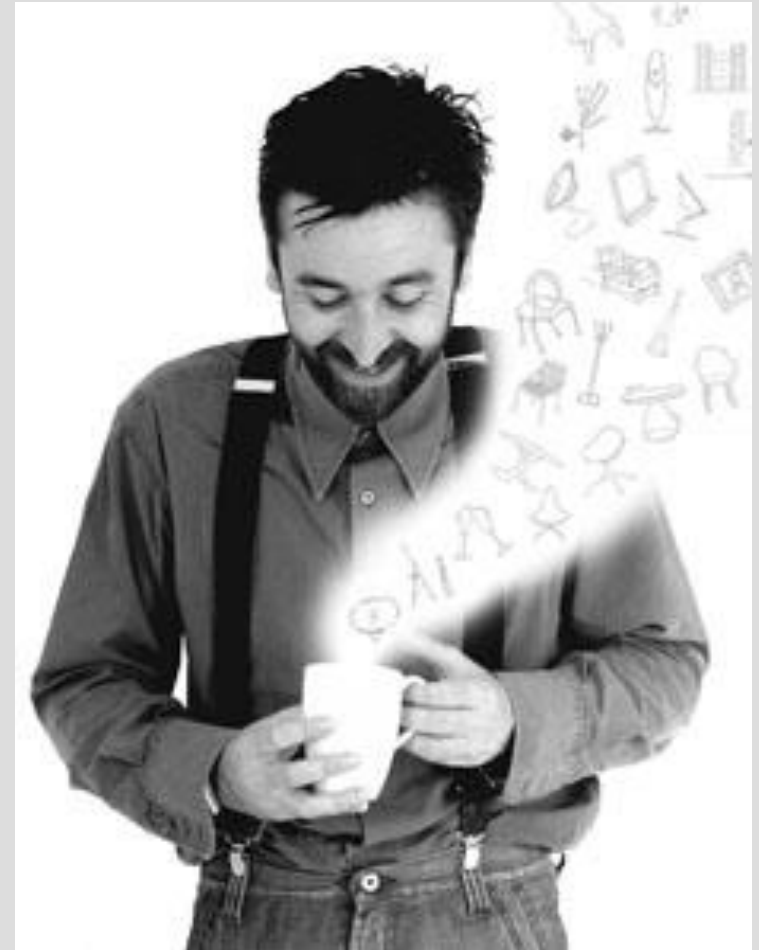

designer

Was born in Brescia in 1963 under the sign of Pisces. In 1988 he graduated in architecture at Politecnico di Milano with Achille Castiglioni as a speaker (and teacher unmatched). After three years abroad, he returned to Italy and devoted himself mainly to developing projects for the design of furniture, complement, lighting, bathroom, office, objects and early childhood, working in addition to exhibitions, theatrical choreography, art direction, design coordination, graphics and communication. He doesn't like the absolutism and the indestructible certainties, he loves to look at things with always different eyes to be in tune with them, he prefers to speak softly and, above all, listen.

Like all the designers, more or less, he put aside the minimum necessary equipment of prizes and awards, he has given lectures, workshops, he served on juries and so on.

Since 2011 he's a professor of product design at the University of San Marino / IUAV

He signed projects for Allibert, BBB, Bertocchi, Calligaris Casprini, Ciacci, Ciatti, Donati, Flex, Flos, Frascio, Geuther, Inglesina, Infiniti, ISA, Krios, Krover, Lanzini, Magis, Modo e Modo, Norda, Olympia, ecc.

Gianluca Paludi

designer

Gianluca Paludi was born on 17 January 1979. In 2007 he graduated from the University “La Sapienza” in Rome. At the beginning of his carrier he worked as landscape architect, in 2012 he joined Olympia team working as artistic director, designer and draftsman. His works are inspired by a careful search of light and perspective as well as the use of innovative materials. Gianluca Paludi is used to create through a modern and dynamic vision of the planning practice. As manager of technical department he coordinates the executive phase of products, starting from the actions of daily life. He signed projects for Olympia and Giulini G. Honors and Awards -In 2014 it ‘was called to give a lesson design in the most prestigious faculties of planning and architecture in India <http://www.spa.ac.in>. -International award Winner MIAW –sallede bains–Muuuz International Awards 2015, - Winner - ICONIC AWARDS 2019: Innovative Architecture

Daniele Trebbi

He was born in Rome, where he currently resides and works. After having obtained the artistic high school diploma, he approaches the planning and industrial design, initially attending the Faculty of Architecture and the ISIA institute in Rome and, subsequently, the Polytechnic of Milan. From the first half of the nineties he dedicated himself to the activity of draftsman and designer, dealing with the development of projects and production processes in the field of industrial design and interior architecture, initially collaborating with some design studios, including the studio Lenci-Talocci and the Transit Design studio. From 1994 to 2014 he worked at the Talocci design studio, dealing with the design of products, exhibition spaces and interior architecture, also collaborating on artistic direction projects for Italian companies such as: Effegibi, Eos, Area, Foppapedretti, Fratelli Guzzini, GSI, Larimart, Ponte Giulio, Provex, Teatro delle Muse, Telma, Teuco Guzzini, Valpra, Viasat

TECHNICAL OFFICE

Olympia Ceramica has launched more than 10 years ago its own technical office and, today it has a very important role into the company.

Olympia technical office has a large ceramic experience that helps to understand and satisfy requests from the various international markets, using our own ideas.

Olympia technical office is very important as well for the collaboration that plays with the various designers that are working with Olympia, it has the important role to coordinate the designers ideas with the basic element of our products that is "Ceramic".

Today, with Olympia new internal architect Mr. Gianluca Paludi, the technical office is working as well to create new family of products in order to satisfy the new bathroom concept needs.

designer

PRODUCTS **Atelier**

Atelier: concept and design combined in an absolute novelty by Olympia Ceramica, an element that will make your bathroom the uncontested protagonist of the home. The concept was born with a main structure in steel, matt black or chromed, combined with the different finishes and colors of the furniture as well as enriching elements such as the pouf, the mirrors including the magnifying mirror dedicated to make-up, the leather container and the basket for accessories; the latter are all part of the additional options that integrate the aesthetics and the final concept.

A singular and precious feature of this concept is that the space dedicated to the washbasin has can accommodate washbasins ranging from 50cm to 75 cm, thus satisfying the taste and needs of the final user.

Concept

PRODUCTS Vinyl

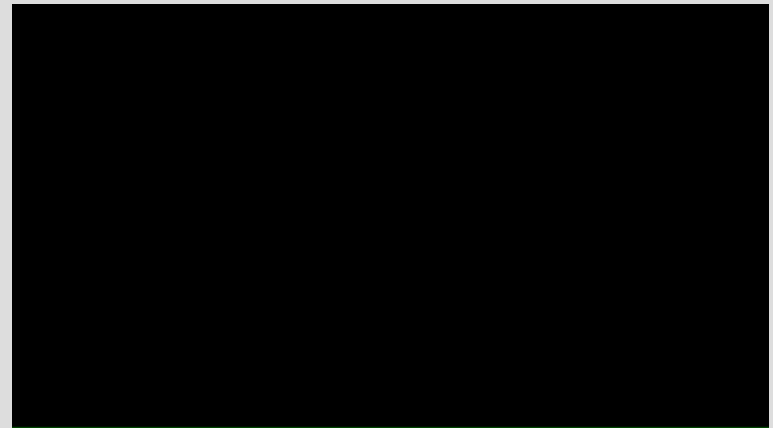

Futuristic but at the same time romantic and nostalgic, simply in one word: unique. We are going to present Vinyl, the latest creation by Gianluca Paludi, artistic director and designer at Olympia Ceramica.

Observing it, you will have in front of you an authentic musical console from the 1980's: the recessed basin is like the DJ turntable on which sits a priceless vinyl, the mixer is like the arm for switching on the music on a record player and it consists of a stylus. The two handles for volume control become the regulators for water pressure and temperature. The furniture console, completed by the storage drawer, hosts a music amplifier linked by Bluetooth, with the small holes on the front indicating the speaker location. The total structure, that it is possible to create using different colors, houses a tempered glass shelf, a towel rail and a comfortable leather bag suitable for containing the different kinds of accessories. The LED mirror reveals lights both on the higher and on the lower side, with the latter replicating the music equalizer image.

Vinyl: for those that appreciate nostalgia, the years of the legends, or for those who wants to race to the future but keeping an eye on the traditions, on the rhythm, on the entertainment from the funniest decades ever.

Concept

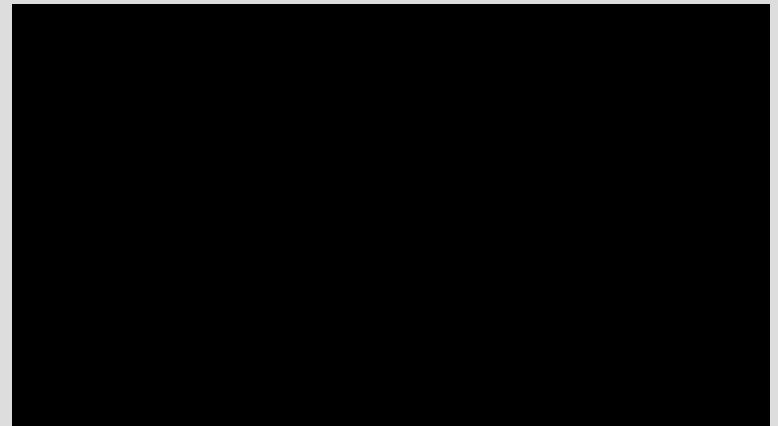

PRODUCTS My Bag

A suitcase, an easel... and the Olympia Ceramica bathroom interprets the vitality, the drive and the dynamism of contemporary life, casting us in a "journey" through innovative, bold and complex design, where the end result is efficiency. My Bag is a wash basin system that can be closed away where necessary, turning into a functional vanity counter. The taps, featuring clean-cut silhouettes and mainly two-tone, can be folded down to close it all away swiftly; the leather side storage compartment becomes a convenient organiser; the small wooden pull-out compartment includes a practical make-up mirror. My Bag: innovation and uniqueness for those who wish to turn their bathroom into an exclusive setting, with a sophisticated and original design. What's more, My Bag is perfect for enhancing the appeal of contract settings that want to stand out above the others, and where the desired ambiance is one that has been furnished in a creative, youthful and dynamic style.

Concept

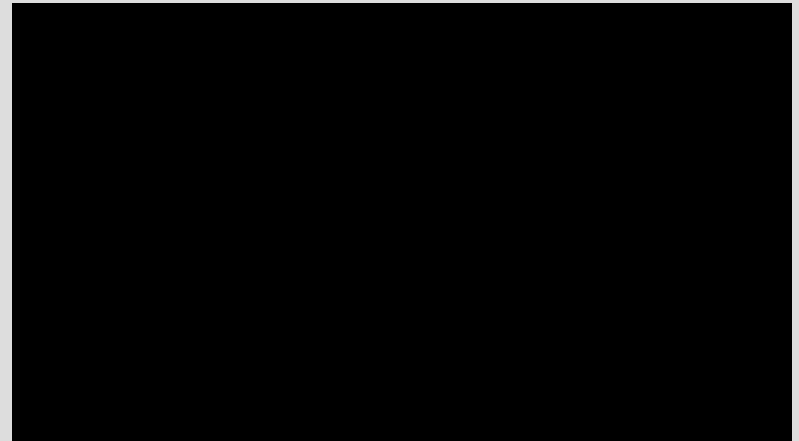

PRODUCTS **Tornado**

Tornado.

These sanitary fixtures are characterized by graceful and rounded lines, which reproduce the very shape of a vortex inside: the conformation, beautiful to look at, becomes functional to an overwhelming energy in the drain which, with minimal quantities of water consumed, manages to equal the power of traditional flushes exhausts, with minimal noise and absolute discretion. Tornado sanitary ware is available in the multiple shades of satin and glossy colors proposed by Olympia, for further confirmation of the company philosophy: efficiency, functionality and the achievement of objectives that must always be combined with aesthetics, line and innovative taste.

Range

PRODUCTS Formosa 2.0

FORMOSA.

Between classic and contemporary, soft shapes are created by water and history giving to this new range a strong personality. Formosa arouses a warm, friendly feeling.

Range

PRODUCTS **Milady**

MILADY

Wide spaces and harmonious volumes
mark **MILADY** collection of sanitary wares. Soft curves and rounded borders
create a really young concepts for comfortable and relaxing atmosphere.

Range

PRODUCTS **Clear**

Olympia®

CLEAR. Easy, linear, essential. Clear range is the Olympia solution to the modern need of a sober but at the same time elegant design, as for the modern inclinations. Soft volumes and contained dimensions mark out new range Clear, which elegance and simplicity is intensified by a wide basin to be incorporated on a sober sit on shelf or on a thin pedestal.

Range

PRODUCTS Tutto Evo

TUTTO EVO. The real challenge for Olympia is to update some details for Tutto range by soft and compact lines. A project throw to the modernity for rediscovering natural dimension
