NEUTRA
NEUTRA XL

Design by Rexa Design

Vasca dalle forme morbide e avvolgenti, disponibile nella versione classica e XL. Neutra è personalizzabile con o senza muretto per l'appoggio della rubinetteria.

Neutra e Neutra XL sono studiate per essere installate con pozzetto a pavimento di soli 10 cm

Embracing and soft shapes characterize this new bathtub, available in the classic or XL version. Neutra can include or not the shelf for mixer installation.

Neutra and Neutra XL have been studied to be installed with a 10 cm recess in the floor.

MyPLANET
MyPLANET XL

Design by Rexa Design

Vasca che esibisce la sua struttura esaltandone le forme geometriche. Elegante anche nella versione con muretto e nelle varianti laccate esternamente in soft touch o argilla stesa a mano.

This bathtub exhibits his structure enhancing the geometric shapes. Elegant also in the version that includes the shelf for mixer installation or in the externally lacquered one, available in soft touch or handcrafted clay finishes.

MyPlanet e MyPlanet XL sono studiate per essere installate con pozzetto a pavimento di soli 10 cm

MyPlanet and MyPlanet XL have been studied to be installed with a 10 cm recess in the floor.

Batèla in Korakril™ Blend con
laccatura esterna Soft touch Nero
Batèla made in Korakril™ Blend
and externally lacquered, Soft
Touch Nero color.

Vasca in Korakril™ Blend dalle
forme delicate, progettate
pensando alla persona e al suo
benessere. Disponibile anche
con personalizzazione esterna
nelle finiture soft touch e argilla.

Bathtub made in Korakril™ Blend,
with its delicate shapes has
been designed thinking about
the person and his well-being.
It can also be externally lacquered
in soft touch and clay finishes.

Batèla è studiata per essere
installata con pozzetto a
pavimento di soli 5 cm

Batela has been studied
to be installed with a 5 cm
recess in the floor.

DISDOTO

Design by Rexa Design

L'ispirazione parte dalle origini
fino a creare forme uniche grazie
alle quali è possibile godere
di maggior spazio e comfort.

Inspiration starts from the
origins to create unique
shapes which generate more
space and comfort to live.

Disdoto è studiata per essere
installata con pozzetto a
pavimento di soli 5 cm

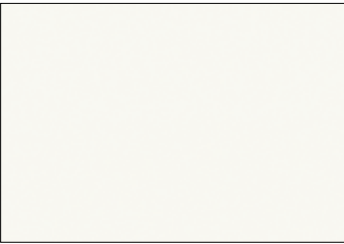

Disdoto has been studied
to be installed with a 5 cm
recess in the floor.

Materiale | Material

Korakril™ Blend		
		Le vasche da bagno in Korakril™ Blend – il Korakril™ è un Solid Surface prodotto in Italia – sono opache e setose al tatto, vengono realizzate per colatura dentro degli appositi stampi utilizzati solitamente per ottenere forme morbide e ovoidali con spessori sottili. Non è possibile modificarne il profilo e le dimensioni a catalogo, ad eccezione della realizzazione di stampi ad hoc. Le vasche che hanno sagome morbide possono essere verniciate esternamente con laccatura Soft Touch, speciale trattamento che segue le dilatazioni del volume quando vengono riempite di acqua calda, o con argilla stesa a mano.
<u>Ice white</u>	K31	The bathtubs made in Korakril™ and Korakril™ Blend, are matt and soft to the touch, they are realized injecting the material into moulds to obtain mainly rounded edges and ovoid shapes with thin thickness. In this case, dimensions and aspect can't be modified expect by the realization of a bespoke mould. The bathtubs with rounded edges can be externally lacquered with Soft Touch paint, special treatment that follows the bathtubs dilatation when filled with warm water, or coated with clay.
